

## Pittsfield (Merrimack)

Pittsfield is a town in Merrimack County with 927 residents aged 65 or older. Compared to state average rates, older residents fare better on some healthy aging indicators with lower rates of anemia, fibromyalgia/chronic pain/fatigue, liver disease, migraine, osteoporosis, peripheral vascular disease, PTSD, and schizophrenia. Older residents in Merrimack County vary in obtaining preventive health screenings: residents 18 and older got annual physical exams (73.2%) and annual dental exams (69.4%), while 52.5% of men and 46% of women 65 and older completed all CDC recommended vaccinations and cancer screenings. Community resources to support healthy aging include one senior center and one public library.

POPULATION CHARACTERISTICS	Significantly different than state rate	Community estimate	State estimate
Total population (all ages)		4,093	1,379,610
Population 60 years or older as % of total population		32.4%	26.7%
Total population 60 years and older		1,325	368,151
Population 65 years or older as % of total population		22.6%	19.0%
Total population 65 years and older		927	261,749
% 65-74 years		67.0%	60.7%
% 75-84 years		24.9%	28.0%
% 85 years or older		8.1%	11.3%
% 65+ population who are female		54.7%	53.9%
% 85+ population who are female		84.0%	64.0%
Race and ethnicity of the population 65+			
% White		98.9%	95.7%
% African American		0.0%	0.6%
% Asian		0.0%	1.3%
% Other race(s)		1.1%	2.3%
% Hispanic		0.0%	1.1%
# 55+ who are Native American / Alaskan		0	549
Marital status of the population 65+			
% married		55.6%	58.5%
% divorced/separated		21.3%	16.5%
% widowed		20.1%	20.0%
% never married		3.1%	5.1%
Education of the population 65+			
% with less than high school education		10.5%	8.1%

# of home health agencies		0	27
# of skilled nursing facilities		0	73
# of hospice agencies		0	20
# of community health centers		0	68
# of adult day health centers		0	12
<b>SERVICE UTILIZATION</b>			
# physician visits per year	*	5.6	6.1
# emergency room visits/1000 persons 65+ years annually	*	604.1	507.9
# Part D monthly prescription fills per person annually		48.4	49.1
# home health visits annually	*	2.9	1.9
# durable medical equipment claims annually		2.0	1.9
# inpatient hospital stays/1000 persons 65+ years annually		243.2	187.5
% Medicare inpatient hospital readmissions (as % of admissions)		21.6%	16.2%
# skilled nursing facility stays/1000 persons 65+ years annually		48.7	45.0
# skilled nursing home Medicare beds/1000 persons 65+ years		0.0	26.1
% 65+ getting Medicaid long term services and supports	*	1.9%	2.7%
% 65+ hospice users		3.3%	2.7%
% 65+ hospice users as % of decedents		56.2%	47.1%

## NOTES

## TECHNICAL NOTES

\*For more information on data sources, measures, and methodology used in the 2025 New Hampshire Healthy Aging Data Report see our technical documentation at ([healthyagingdatareports.org](http://healthyagingdatareports.org)). For most indicators, the community and state values are estimates derived from sample data. Thus, it is possible that some of the differences between state and community estimates may be due to chance associated with population sampling. We use the terms “Better” and “Worse” to highlight differences between community and state estimates that we are confident are not due to chance. We balance two goals. First, we aim to report data at very local levels because we believe change is often locally driven. Second, we vowed to protect the privacy of the people providing the information reported. Thus, given the constraints of the data analyzed, we used a hierarchical approach to reporting.
